Our Costs

Thanks to our not-for-profit charitable status our board is able to reinvest all surplus funds for the sole benefit of our residents. Such investments have significantly raised the bar for the standard of residential care at Hillbrook Grange and across the North West.

Our new modern wing with its increased facilities enhances the care that we can offer here at Hillbrook Grange whilst offering a home to those in need of greater support at a very attractive cost.

Our rates for long-term, short-term and respite care are all highly competitive and excellent value for money, starting from just £440 per week. Even the largest of the new en suite rooms is only £690 per week.

We welcome local authority and privately-funded applicants. For local authority-funded residents, top up charges will apply.

For further details on our costs please call us at any time and we will be happy to answer all your questions.
